

TOPTRIVIA

GROUP SIZE: 12-204 people

GREAT FOR: Brainiacs

LESSONS ON: Strengths of team members, change

GAME MODE

TopScramble

TOOLS

- Dry-erase marker
- Four rounds of questions
- Scorecard

GAME FORMAT

- Three rounds of trivia
- One round of wager

SCORING

Scoring will be calculated using the highest point total for each ball hit. TopScramble will automatically do the scoring for you.

REMINDERS

- You must hit in the order you begin
- No cellphones allowed
- Follow all safety rules

GAME PLAY

- Test your knowledge and golf skills to see who will come out on top! The goal of this game is to earn shots by correctly answering trivia questions.
- Players will play **three rounds of trivia** with each round consisting of five questions. The final round is a wager round.
- Trivia categories include **Sports, Music, Movies, History** and **Geography**.
- Each team will have only **three minutes** to answer all five trivia questions.
- Each team member will then hit the same number of balls as the number of correct trivia answers. For example, if you get three out of five questions right, each person will hit three balls under their unique player number.
- The more correct answers, the more shots, the better chance at a higher score.
- Be prepared for twists and turns in the last couple of rounds!

SAFETY FIRST! Please remember that you must follow all safety rules during the game. Stay behind the red line if you are not hitting, and no running starts.
